

ATTENTION EDUCATORS!

Excited about the Outdoor Discovery Program?
Want to incorporate more outdoor and environmental lessons
into you classroom?

GET WILD!

You are invited to receive FREE training in Project WILD – an interdisciplinary, hands-on, and captivating program!

Project WILD is:

- Interdisciplinary lessons which can be incorporated into any subject – math, language arts, reading, P.E., social studies, & science!
- Aligned with Nebraska State Education Standards.
- Easy to use and designed specifically for classroom educators.
- Fun and engaging for K-12 students.

Participants will receive:

- Project WILD and Aquatic WILD Curriculum & Activity Guides.
- Supplemental educational resources.
- Knowledge and skills to teach about Nebraska wildlife and conservation and build an interdisciplinary curriculum.
- Snacks and refreshments!

**Saturday, April 21,
2012
